DATE OF BIRTH
17 December 2005

ADDRESS
Sangkat Tuek L'ak Ti Pir, Khan Tuol Kouk, Phnom Penh, Cambodia

CORE SKILLS

- Adaptable & Fast Learner
- Creative Problem-Solving
- Team Collaboration
- Clean Code Architecture
- Time Management
- Diligent & Hardworking

LANGUAGES

Khmer — Native

English — Intermediate

BUN VATHANA

SOFTWARE DEVELOPER • Mobile & Full-Stack Web

ABOUT ME

Motivated Software Developer and senior student pursuing a Bachelor of Science in Software Development at Norton University. Experienced in building cross-platform mobile applications with Flutter and full-stack web applications using React, Next.js, and FastAPI. Passionate about writing clean, maintainable code, designing responsive interfaces, and collaborating effectively within engineering teams.

EDUCATION

Bachelor of Science in Software Development — 2023 — 2026

Norton University, Phnom Penh, Cambodia

PROJECTS & EXPERIENCE

Sunflower Disease Diagnostic Expert System — Python · FastAPI · PostgreSQL · React

- **Engineered expert diagnosis engine** that evaluates sunflower leaf symptoms to identify plant diseases and prescribe structured treatment plans.
- **Designed bilingual database schema** in PostgreSQL supporting dynamic symptom data and remedies in Khmer and English.
- **Connected responsive React client** to FastAPI REST endpoints for real-time analysis turnaround.

Full-Stack Dual-Client E-Commerce Platform — Flutter · Next.js · FastAPI · PostgreSQL · Docker

- **Built cross-platform shopping app** in Flutter with smooth catalog browsing, client cart state, and order workflows.
- **Developed administrative dashboard** using Next.js for managing product inventory and tracking customer fulfillment.
- **Containerized backend services** and database with Docker Compose for consistent local testing and deployments.

Daily Flow — Habit & Routine Tracker — Flutter · Dart · SQLite

- **Created offline-first mobile app** utilizing SQLite for reliable local task logging, habit streaks, and data persistence.
- **Implemented scheduled notifications** to prompt user daily routines and increase task completion rates.

Coffee & Milk Tea Shop POS System — React · JavaScript · Tailwind CSS

- **Built point-of-sale checkout system** supporting customizable drink options (sweetness, ice, toppings) with real-time receipt computation.

TECHNICAL & COMPUTER SKILLS

Mobile Development:	Flutter, Dart, Cross-Platform UI, State Management
Frontend Web:	React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS
Backend & APIs:	Python, FastAPI, Node.js, RESTful API Design
Databases:	PostgreSQL, SQLite, MySQL, Relational Schema Design
DevOps & Tools:	Docker, Docker Compose, Git, GitHub, Postman, Linux CLI

PERSONAL TRAITS

- ✓ Creative Problem-Solving
- ✓ Diligent, Honest & Reliable
- ✓ Collaborative Team Player
- ✓ Clean Code & Fast Learner
